Plant Cell, Tissue and Organ Culture **28**: 303–305, 1992

CONTENTS Volume 28 1992

Volume 28 No. 1

Kawata M., Harada S., Antonio B. & Oono K.: Protoclonal variation of plant regeneration in rice 1
Van Hengel A.J., Harkes M.P., Wichers H.J., Hesselink P.G.M. & Buitelaar R.M.: Characterization of callus formation and camptothecin production by cell lines of *Camptotheca acuminata* 11
Nadolska-Orczyk A.: Somatic embryogenesis of agriculturally important lupin species (*Lupinus angustifolius, L. albus, L. mutabilis*) 19
Roberts A.W., Koonce L.T. & Haigler C.H.: A simplified medium for *in vitro* tracheary element differentiation in mesophyll suspension cultures from *Zinnia elegans* L. 27
Nishida T., Ohnishi N, Kodama H. & Komamine A.: Establishment of synchrony by starvation and readdition of auxin in suspension cultures of *Catharanthus roseus* cells 37
Shri P.V. & Davis T.M.: Zeatin-induced shoot regeneration from immature chickpea (*Cicer arietinum* L.) cotyledons 45
Kristiansen K.: Micropropagation of *Ficus benjamina* clones 53
Sierra M.I., Van der Heijden R., Van der Leer T. & Verpoorte R.: Stability of alkaloid production in cell suspension cultures of *Tabernaemontana divaricata* during long-term subculture 59
Taylor P.W.J., Ko H.-L., Adkins S.W., Rathus C. & Birch R.G.: Establishment of embryogenic callus and high protoplast yielding suspension cultures of sugarcane (*Saccharum* spp. hybrids) 69
Li Zhong-yi, Xia Guang-min & Chen Hui-min: Somatic embryogenesis and plant regeneration from protoplasts isolated from embryogenic cell suspensions of wheat (*Triticum aestivum* L.) 79
Afele J.C., Kannenberg L.W., Keats R., Sohota S. & Swanson E.B.: Increased induction of microspore embryos following manipulation of donor plant environment and culture temperature in corn (*Zea mays* L.) 87
Bois F.: The influence of some natural cell-wall derived precursors on organogenesis and differentiation of wild strawberry (*Fragaria vesca* L.) callus cultures 91
Ruíz M.L., Rueda J., Peláez M.I., Espino F.J., Candela M., Sendino A.M. & Vázquez A.M.: Somatic embryogenesis, plant regeneration and somaclonal variation in barley 97
Komatsuda T., Lee W. & Oka S.: Maturation and germination of somatic embryos as affected by sucrose and plant growth regulators in soybeans *Glycine gracilis* Skvortz and *Glycine max* (L.) Merr. 103
Tandon P. & Rathore T.S.: Regeneration of plantlets from hypocotyl-derived callus of *Coptis teeta* 115
Mathur J. & Mukunthakumar S.: Micropropagation of *Bauhinia variegata* and *Parkinsonia aculeata* from nodal explants of mature trees 119

Corrigendum 123

Volume 28 No. 2

Pugliesi C., Rabaglio M., Cecconi F. & Baroncelli S.: Plant regeneration from tissue cultures of Persian buttercup (*Ranunculus asiaticus* L.) 125
Kuehnle A.R. & Earle E.D.: Evaluation of *in vitro* selection regimes for a mitochondrial trait (methomyl resistance) in cms-T maize 129
Ibrahim K.M., Collins J.C. & Collin H.A.: Characterization of progeny of *Coleus blumei* following an *in vitro* selection for salt tolerance 139
Owen H.R. & Miller A.R.: An examination and correction of plant tissue culture basal medium formulations 147
Swanson S.M., Mahady G.B. & Beecher C.W.W.: Stevioside biosynthesis by callus, root, shoot and rooted-shoot cultures *in vitro* 151

Baumert A., Gröger D., Kuzovkina I.N. & Reisch J.: Secondary metabolites produced by callus cultures of various *Ruta* species 159
Millam S., Davidson D. & Powell W.: The use of flax (*Linum usitatissimum*) as a model system for studies on organogenesis *in vitro*: the effect of different carbohydrates 163
Hvoslef-Eide A.K.: Effects of pre-storage conditions on storage of *in vitro* cultures of *Nephrolepis exaltata* (L.) Schott and *Cordyline fruticosa* (L.) A. Chev. 167
Kevers C., Boyer N., Courduroux J.-C. & Gaspar T.: The influence of ethylene on proliferation and growth of rose shoot cultures 175
Blakesley D. & Constantine D.: Uptake and metabolism of 6-benzyladenine in shoot cultures of a range of species 183
Kiviharju E., Tuominen U. & Törmälä T.: The effect of explant material on somatic embryogenesis of *Cyclamen persicum* Mill 187
Deng M-D. & Cornu D.: Maturation and germination of walnut somatic embryos 195
Drew R.A., Smith M.K. & Anderson D.W.: Field evaluation of micropropagated bananas derived from plants containing Banana Bunchy-Top Virus 203
Mould M.J.R., Robb J. & Boland G.J.: Loss of resistance to *Colletotrichum trifolii* in *in vitro* regenerated alfalfa 207
Lauzer D., Laublin G., Vincent G. & Cappadocia M.: *In vitro* propagation and cytology of wild yams, *Dioscorea abyssinica* Hoch. and *D. mangenotiana* Miège 215
Le Roux, J.J., Brown N.A.C. & Leivers S.: Micropropagation of *Aspalathus linearis* through bud multiplication 225
Vincent K.A., Mathew K.M. & Hariharan M.: Micropropagation of *Kaempferia galanga* L. – a medicinal plant 229
Morte M.A., Honrubia M. & Piqueras A.: Micropropagation of *Tetraclinis articulata* (Vahl) Masters (Cupressaceae) 231

Volume 28 No. 3

Jesty J.H.F. & Francis D.: Cellular reponses of leaf explants of *Cocos nucifera* L. *in vitro* 235
Morini S., Sciutti R. & Fortuna P.: *In vitro* growth response of *Prunus cerasifera* shoots as influenced by different light-dark cycles and sucrose concentrations 245
Mercier H., Vieira C.C.J. & Figueiredo-Ribeiro R.C.L.: Tissue culture and plant propagation of *Gomphrena officinalis* – a Brazilian medicinal plant 249
Katsirdakis K.C. & Roubelakis-Angelakis K.A.: Modified culture conditions for increased viability and cell wall synthesis in grapevine (*Vitis vinifera* L. cv. Sultanina) leaf protoplasts 255
Niino T., Sakai A., Yakuwa H. & Nojiri K.: Cryopreservation of *in vitro*-grown shoot tips of apple and pear by vitrification 261
Vinterhalter D. & Vinterhalter B.: Effect of inorganic nutrition on the formation of lateral roots in *Dracaena fragrans* Ker-Gawl cultured *in vitro* 267
Kilby N.J., Griggs D.L. & Berry S.F.: Assessment of inter- and intra-population variation in quinoline alkaloid profile of juvenile shoot cultures of *Cinchona ledgeriana*: effect of method of nutrient delivery on alkaloid profile 275
Kahane R., Rancillac M. & Teyssendier de la Serve B.: Long-term multiplication of onion (*Allium cepa* L.) by cyclic shoot regeneration *in vitro* 281
Yang Q., Chauvin J.E. & Hervé Y.: A study of factors affecting anther culture of cauliflower (*Brassica oleracea* var. *botrytis*) 289
